ABOUT US...

OUR WINE STORY

Kenton Park Estate is a family owned boutique Vineyard situated in a stunning location along the South West Coast of England close to Devon's beautiful Exe Estuary, nestling in the gentle foothills of Haldon Forest, right next-door to Exeter Racecourse.

Kenton Park Estate was once part of Powderham Castle Estate and is surrounded by sweeping countryside. A truly outstanding area of natural beauty.

The south facing slopes and sandy soil, together with the mild and sunny climate are ideal for the production of World class Sparkling Wine.

Kenton Park was first established as a Wine Estate in 2003 producing many Award winning Wines. The original Vineyard has now expanded significantly with the planting of 15,000 new Vines.
